

21 channel NLC core

500-100 21/CORE NLC

21 channel NLC core

This is the central component of a Navigation Light Controller (NLC)

To complete a NLC system you need to specify the [power supply](#) and the [control head](#)

Each channel has one ABS/LR type approved
Lopolight LMR/Q monitoring relay
The LMR/Q monitors for function, end-of-life and
provides both current limiter (2A) and a fuse (7A)
Each channel monitors one logical light

Specifications

Number	500-100 21/CORE NLC
Certification	Certified by ABS/LR to IACS E10 & IEC60945
Approved to	IEC 60945
EAN	5704438019850
UPC Code	879343019983
Current consumption (mA @ 12VDC)	0
Current consumption (mA @ 24VDC)	0
Weight (Kg)	2 Kg
Weight (Oz)	70.54 Oz
